## GÖZMER Eyewear

Our company, Gozmer Eyewear, is one of the major TR90 frames producers in Turkey. Gozmer Eyewear has the production facilities in Istanbul/Turkey using the latest technology with its long-term optical frames production experience. Our production capacity is 150.000 frames per month, and we always have ready stock. We export to 20 different countries worldwide. We have wide range of **optics and sunglasses** in our portfolio. Our main brands in production are **Summit and Pulsar**.

Our perspective is to be an important player in international optical frames and sunglasses market with **our competitive prices**. We will always pursue to keep the high quality of products, innovative production systems, up-to-date model-color range, customer-driven production and distribution structure, widespread customer network, honest and devoted working environment.

As Gozmer Eyewear we would appreciate an opportunity to show our newest products where we can assist cooperation.

**Best Regards,  
Gozmer Eyewear**
